

Department of Science and Technology
Food and Nutrition Research Institute

CITIZEN'S CHARTER
2026 1st Edition

DOST-FNRI

The **Food and Nutrition Research Institute (FNRI),** the principal research arm of the government in food and nutrition, is one of the research and development institutes of the Department of Science and Technology (DOST). As such, the Institute pursues the objectives of the PAGTANAW 2050 and the Philippine Plan of Action for Nutrition (PPAN).

The FNRI began as the Institute of Nutrition (IN) serving as a clearing house of data and information on food and nutrition by virtue of Executive Order No. 94 on July 1, 1947. With the creation of the National Science Development Board in 1958, the Institute was renamed the Food and Nutrition Research Center (FNRC). In 1975, the Center became known as the Food and Nutrition Research Institute by virtue of Presidential Decree (PD) 733.

The FNRI provides technical assistance to the National Nutrition Council who oversees the implementation of the PPAN. FNRI was mandated by E.O. 128 (Jan. 1987) and 352 (Jan. 1996) to provide the benchmarks by which to gauge the country's progress towards achieving the Sustainable Development Goals (SDGs), which include among others, the eradication of hunger and the reduction of child mortality. The target is to end hunger, achieve food security and improved nutrition and promote sustainable agriculture.

The Institute continues to provide relevant technologies and scientific information on food and nutrition. Some of its major accomplishments include the development and commercialization of nutritional food products; conduct of periodic nationwide nutrition surveys; development of analytical food quality and safety assurance systems; strategies and programs to address the malnutrition problem and tools, guidelines and standards to serve the needs of nutrition and nutrition-related workers. All these technologies are transferred to health and nutrition program implementors as well as the households and communities with the end view of improving the quality of life of Filipinos.

For the past seventy-eight years and holding true to its mandates, the FNRI undertook food and nutrition research and development programs and has proven its excellence along this line, particularly in nutritional assessment and monitoring. S&T technology transfer and utilization programs complemented the R&D in providing various F&N stakeholders with research data, information, and services to enhance service delivery to their various clientele.

DOST-FNRI

I. Mandate

Under Executive Order No. 128 signed on January 30, 1987, the Food and Nutrition Research Institute, consonant to the promotion of efficiency and effectiveness in the delivery of public services, is mandated to perform these functions:

- Undertake researches that define the citizenry's nutritional status, with reference to the malnutrition problem, its causes and effects
- Develop and recommend policy options, strategies, programs and projects for implementation by appropriate agencies.
- Diffuse knowledge and technologies in food and nutrition and provide S&T services to relevant stakeholders (as per E.O. 366, November 13, 2009)

II. Vision

OPTIMUM NUTRITION for all Filipinos, socially and economically empowered through scientifically sound, environment- friendly and globally competitive technologies.

III. Mission

As the lead agency in food and nutrition research and development in the country, the FNRI's mission is the:

- Provision of accurate data, correct information, and innovative technologies to fight malnutrition.

IV. Service Pledge

As a lead agency in Food and Nutrition Research and Development, the Food and Nutrition Research Institute, we commit to:

·**Provide the highest standard of quality and reliability** within our capabilities and resources according to customer's requirements.

·**Continually improve on the effectiveness of our service** in order to meet our customer's satisfaction.

·**Pledge to provide accurate data, correct information and innovative technologies to fight malnutrition and empower the public with optimum nutrition**.

DOST-FNRI

While our standard flexible office hours are **Mondays to Fridays, 7:00 AM to 6:00 PM**, we have currently adopted a **four-day compressed workweek** in compliance with Office of the President's Memorandum Circular No. 114 (Energy Conservation Protocols) and DOST Administrative Order No. 005, Series of 2006.

Our office is now open **Mondays to Thursdays, 7:00 AM to 7:00 PM**. This schedule remains in effect until MC No. 114 is lifted or revoked. You may still access our services 24/7 via our website at **www.fnri.dost.gov.ph**.

Service Laboratory

DOST-FNRI

Provision of technical assistance, test quotation, and scheduling of laboratory tests

The Service Laboratory Group offers technical consultations, provides test quotations, schedules tests for evaluation of food and water products for quality, safety, FDA registration, product development and shelf-life studies; and biochemical analysis of biological samples for clinical researches.

Office or Division:	Service Laboratory Group - Microbiological Laboratory, Chemical Laboratory, Biochemical Laboratory
Classification:	Simple
Type of Transaction:	G2G – Government to Government, G2C - Government to Client, G2B - Government to Business
Who may avail:	All

CHECKLIST OF REQUIREMENTS	WHERE TO SECURE
For Students availing tests for thesis purposes ID or Updated Registration Form (Electronic Copy)	School/University
For Persons with Disability (PWD)/ Senior Citizens (SC) availing tests for sole personal use ID (Electronic Copy) ● PWD ID; or ● Senior Citizen's ID	Persons with Disabilities Affairs Office (PWDO) Office of the Senior Citizen Affair (OSCA)
For Routine testing, research or FDA registration of products: 1. ID (Electronic copy) - Company ID for those availing service on behalf of their company 2. Proof of business (electronic copy), any of the following: ● DTI Business Registration ● Mayor's Business Permit ● SEC Company Registration	Applicant's Company Department of Trade and Industry (DTI) Mayor's Office Security and Exchange Commission (SEC)

DOST-FNRI

CLIENT STEPS	AGENCY ACTIONS	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE
For Walk-in Clients				
1. Inquire desired analytical services at Room 338 (Sample Receiving Area, 3rd flr, FNRI Building)	1.1 Provide technical assistance regarding available analytical services, turn-around time, costs, amount of sample needed, methods of analysis, etc. 1.2 Provide schedule of submission and confirm with customer	None	20 minutes	Laboratory Manager *Biochemical/ Microbiological /Chemical Laboratory*
2. Provide customer information and copy of ID and DTI/SEC	2. Prepare and provide test quotation (includes terms and conditions, guidelines for submission and schedule of submission)	None	5 minutes	Customer Relations Officer or Laboratory Manager *Biochemical/ Microbiological /Chemical Laboratory*
3. Confirm schedule and agree to terms and conditions via email	3. Approve schedule.	None	1 minute	Customer Relations Officer or Laboratory Manager *Biochemical/ Microbiological /Chemical Laboratory*
		TOTAL	**26 minutes**	

DOST-FNRI

For Clients inquiring through email				
1. Inquire on the analytical services at servicelab @fnri.dost.gov.ph	1. Provide technical assistance regarding available analytical services, turn-around time, costs, amount of sample needed, methods of analysis, etc.	None	1 working day	Laboratory Manager *Biochemical/ Microbiological /Chemical Laboratory*
2. Provide customer information and electronic copy of ID and DTI/SEC	2. Prepare and send test quotation (includes terms and conditions, guidelines for submission and schedule of submission)	None	1working day	Laboratory Manager *Biochemical/ Microbiological /Chemical Laboratory*
3. Confirm schedule and agree to terms and conditions via email	3. Approve schedule.	None	5 minutes	Laboratory Manager *Biochemical/ Microbiological /Chemical Laboratory*
		TOTAL	**2 working days 5 minutes**	

DOST-FNRI

Provision of Microbiological laboratory test services

The Microbiological Laboratory offers enumeration and/or detection of microorganisms in food and water samples for evaluation of product quality and safety, registration of products to Philippine FDA, product development and shelf-life studies.

Office or Division:	Service Laboratory Group - Microbiological Laboratory Accounting Section Cashier Section
Classification:	Complex
Type of Transaction:	G2G – Government to Government, G2C - Government to Client, G2B - Government to Business
Who may avail:	All

CHECKLIST OF REQUIREMENTS	**WHERE TO SECURE**
For research, routine testing, and personal testing purposes: 1. Sample: 250 g/mL food or water	Applicant
For FDA registration of food products: 1. Sample: 5 x 250 g food sample (or original packaging, whichever is applicable)	Applicant

CLIENT STEPS	**AGENCY ACTIONS**	**FEES TO BE PAID**	**PROCESSING TIME**	**PERSON RESPONSIBLE**
1. Submit sample(s) for analysis physically or via courier on the provided schedule	1.1 Inspect, receive and document samples submitted 1.2 Provide copy of Request of Analysis to	None	15 minutes	Laboratory Manager/ Customer Relations Officer *Microbiological Laboratory*

	client (via email) 1.3. Request Order of Payment to the Accounting section			
2. Pay total costs of analysis: a. Face-to-face - Proceed to Cashier's Office b. Deposit payment over the counter or online bank transfer to FNRI Landbank Account and send copy of deposit slip through email (servicelab @fnri.dost. gov.ph)	2.1 Prepare Order of Payment 2.2 Forward to the cashier 2.3 Issues Invoice to the customer 2.4. Encode Invoice No. in the FNRI-SL IOS	Refer to Schedule of fees	5 minutes	Administrative Aide IV *Accounting Section* Administrative Officer V *Cashier Section*
3. Receive Report of Analysis	3.1 Send the original copy of the Report of Analysis (and Invoice, if applicable) through courier 3.2. Send link / QR code of Customer Feedback Form	None	10 working days	Laboratory Manager/ Customer Relations Officer *Microbiological Laboratory*

4. Fill out online Customer Feedback Form	4.1 Evaluate Customer Feedback Form	None	3 minutes	Laboratory Manager *Microbiological Laboratory*
		TOTAL	**10 days and 23 minutes**	

Computation and Drafting of Nutrition Facts

The Chemical Laboratory is the DOST focal agency for computation and drafting of nutrition facts. The Service covers the computation of nutrition information, e.g. carbohydrates and calories and drafting the nutrition facts based on the mandatory requirements of FDA.

Office or Division:	Service Laboratory Group - Chemical Laboratory Accounting Section Cashier Section
Classification:	Simple
Type of Transaction:	G2G – Government to Government, G2C - Government to Client, G2B - Government to Business
Who may avail:	All

CHECKLIST OF REQUIREMENTS	**WHERE TO SECURE**
1. Valid and complete Certificates of Analysis / Report of Analysis (electronic copy)	FDA - accredited laboratory (Refer to FDA List of accredited laboratories) Applicant

CLIENT STEPS	**AGENCY ACTIONS**	**FEES TO BE PAID**	**PROCESSING TIME**	**PERSON RESPONSIBLE**
1. Submit valid and complete Certificate of Analysis / Report of Analysis	1.1 Inspect, receive and 1.2 Provide copy of Request of Analysis to client (via email) 1.3. Request online for the Order of Payment to the Accounting section	None	10 minutes	Laboratory Manager/ *Chemical Laboratory*
2. Pay total costs of analysis: a. Face-to-face	2.1 Prepares Order of Payment 2.2 Forwards to the cashier	Local Nutrition Facts - Php 1,500.00	5 minutes	Administrative Aide IV *Accounting Section*

- Proceed to Cashier's Office, 1st flr, FNRI Building b. Deposit payment over the counter or online bank transfer to FNRI Landbank Account and send copy of deposit slip through email (servicelab@fnri.dost.gov.ph)	2.3 Issues Invoice to the customer 2.4. Encodes Invoice No. in the FNRI-SL IOS	US Nutrition Facts - Php 1,500.00		Administrative Officer V *Cashier Section*
3. Receive Nutrition Facts in the Report of Analysis	3.1 Send the original copy of the Nutrition Facts (and Invoice, if applicable) through courier 3.2. Send link / QR code of Customer Feedback Form	250.00	2 working days	Laboratory Manager/ Customer Relations Officer *Chemical Laboratory*
4. Fill out online Customer Feedback Form	4.1 Evaluate Customer Feedback Form	None	3 minutes	Laboratory Manager *Chemical Laboratory*
		TOTAL	**2 days 18 minutes**	

DOST-FNRI

Provision of Chemical laboratory test services

The Chemical Laboratory is a food analytical testing laboratory that caters the mandatory analysis that covers the requirements of Philippine FDA on nutrition labeling and other chemical testing relevant to food samples.

Office or Division:	Service Laboratory Group - Chemical Laboratory Accounting Section Cashier Section
Classification:	Highly Technical
Type of Transaction:	G2G – Government to Government, G2C - Government to Client, G2B - Government to Business
Who may avail:	All

CHECKLIST OF REQUIREMENTS	**WHERE TO SECURE**
1. Food Sample ● Fresh / Wet Sample - 0.5 to 1 kg ● Dry Sample - 0.3 to 0.5 kg ● Liquid Sample - 2 L	Applicant

CLIENT STEPS	**AGENCY ACTIONS**	**FEES TO BE PAID**	**PROCESSING TIME**	**PERSON RESPONSIBLE**
1. Submit sample(s) for analysis physically or via courier on the approved schedule	1.1 Inspect, receive and document samples submitted 1.2 Provide copy of Request of Analysis to client (via email) 1.3. Request online for the Order of Payment to the Accounting section	None	15 minutes	Laboratory Manager/ Customer Relations Officer *Chemical Laboratory*

2. Pay total costs of analysis: a. Face-to-face -Proceed to Cashier's Office, 1st flr, FNRI Building b. Deposit payment over the counter or online bank transfer to FNRI Landbank Account and send copy of deposit slip through email (servicelab@fnri.dost.gov.ph)	2.1 Prepares Order of Payment 2.2 Forwards to the cashier 2.3 Issues Invoice to the customer 2.4. Encodes Invoice No. in the FNRI-SL IOS	Refer to Schedule of fees	5 minutes	Administrative Aide IV *Accounting Section* Administrative Officer V *Cashier Section*
3. Receive Report of Analysis	3.1 Send the original copy of the Report of Analysis (and Invoice, if applicable) through courier 3.2. Send link / QR code of Customer Feedback Form	None	20 working days	Laboratory Manager/ Customer Relations Officer *Chemical Laboratory*
4. Fill out online Customer Feedback Form	4.1 Evaluate Customer Feedback Form	None	3 minutes	Laboratory Manager *Chemical Laboratory*
		TOTAL	**20 days and 23 minutes**	

DOST-FNRI

Provision of Sample Collection (on-site) and Analysis of blood

The Biochemical Laboratory offers a sample collection and analysis of blood samples for biochemical and clinical research.

Office or Division:	Service Laboratory Group - Biochemical Laboratory
Classification:	Highly technical
Type of Transaction:	G2G – Government to Government, G2C - Government to Client, G2B - Government to Business
Who may avail:	Research institutions, Non-government organizations, University and Graduate Students, Other government agencies, FNRI researchers

CHECKLIST OF REQUIREMENTS	**WHERE TO SECURE**
• whole blood - 2 mL (10 mL for complete analysis)	Applicant

CLIENT STEPS	**AGENCY ACTIONS**	**FEES TO BE PAID**	**PROCESSING TIME**	**PERSON RESPONSIBLE**
1. Collect blood sample	1.1 Extract blood sample via prick or venipuncture 1.2 Process blood samples depending on the test requirement (serum or plasma)	None	15 minutes	Registered Medical Technologist *Biochemical Laboratory*
2. Submit sample(s)	2.1 Inspect, receive and document samples submitted 2.2 Provide copy of Request of Analysis to	None	10 minutes	Laboratory Manager/ Customer Relations Officer *Biochemical Laboratory*

	client (via email) 2.3. Request online for the Order of Payment to the Accounting section			
3. Pay total costs of analysis: c. Face-to-face -Proceed to Cashier's Office d. Deposit payment over the counter or online bank transfer to FNRI Landbank Account and send copy of deposit slip through email (servicelab@fnri.dost.gov.ph)	3.1 Prepares Order of Payment 3.2 Forwards to the cashier 3.3 Issues Invoice to the customer 3.4. Encodes Invoice No. in the FNRI-SLIOS	Refer to Schedule of fees	5 minutes	Administrative Aide IV *Accounting Section* Administrative Officer V *Cashier Section*
4. Receive Report of Analysis	4.1 Send the original copy of the Report of Analysis (and Invoice, if applicable) through courier 4.2. Send link / QR code of Customer Feedback Form	None	20 working days	Laboratory Manager/ Customer Relations Officer *Biochemical Laboratory*
5. Fill out online Customer Feedback Form	5.1 Evaluate Customer Feedback Form	None	1 minute	Laboratory Manager *Biochemical Laboratory*
		TOTAL	**20 days and 31 minutes**	

DOST-FNRI

Provision of Sample Collection (field) and Analysis of blood

The Biochemical Laboratory offers a sample collection and analysis of blood samples for biochemical and clinical research.

Office or Division:	Service Laboratory Group - Biochemical Laboratory
Classification:	Highly technical

		TOTAL	**20 days and 31 minutes**	

DOST-FNRI

Provision of Participation in Proficiency Testing

The Service Laboratory Group offers proficiency testing to help laboratories assess and improve their analytical performance. Participation ensures accurate, reliable, and consistent test results while supporting quality assurance and compliance with industry standards and accreditation requirements.

Office or Division:	Service Laboratory Group - Proficiency Testing Accounting Section Cashier Section
Classification:	Complex
Type of Transaction:	G2G – Government to Government, G2B - Government to Business
Who may avail:	All government and private testing laboratories that analyzes nutritional components of foods

CHECKLIST OF REQUIREMENTS	**WHERE TO SECURE**
1. Online account in PT Portal	Government or Private Testing Laboratories

CLIENT STEPS	**AGENCY ACTIONS**	**FEES TO BE PAID**	**PROCESSING TIME**	**PERSON RESPONSIBLE**
1. Create an online account in PT Portal or log in, if there is already an existing account.	1.1 Provide guidance and answer inquiries in setting up of online account	None	20 minutes	Laboratory Manager/ Customer Relations Officer
2. Register in proficiency testing round	2.1 Approve registration	None	20 minutes	Customer Relations Officer
3. Pay total costs of participation: 01. Face-to-face	3.1 Prepares Order of Payment 3.2 Forwards to the cashier	Refer to Schedule of fees	5 minutes	Administrative Aide IV

- Proceed to Cashier's Office, 1st flr, FNRI Building 02. Deposit payment over the counter or online bank transfer to FNRI Landbank Account and upload deposit slip through PT Portal or email (ptl@fnri.dost.gov.ph)	3.3 Issues OR to the customer or send scanned copy to customer 3.4. Encodes OR No. in the PT Portal			*Accounting Section* Administrative Officer V *Cashier Section* Customer Relations Officer
4. Receive proficiency item a. Pick-up b. Receive via courier	4.1 Dispatch PT item	None	30 minutes (pick up) 3 working days (courier)	Customer Relations Officer
5. Encode method details and results in PT Portal	5.1 Collate and tabulate method details and results	None	1 working day	Project Technical Assistant IV
6. Receive interim report and provide feedback	6.1 Perform statistical evaluation of results 6.2 Draft interim report 6.3 Validate interim report	None	25 working days	Laboratory Manager/ Project Technical Assistant IV/ Laboratory Head

	6.4 Upload interim report in PT Portal			Laboratory Manager
7. Receive final PT report and provide PT report feedback	7.1 Drafts final PT report 7.2 Validate final PT report 7.3 Upload final PT report in PT Portal 7.4 Evaluates PT report feedback	None	25 working days	Laboratory Manager/ Project Technical Assistant IV/ Laboratory Head Laboratory Manager
		TOTAL	**54 working days and 1.25 hours**	

DOST-FNRI

Purchase of Reference Materials

The Service Laboratory Group enables laboratories to acquire high-quality reference materials essential for reliable testing. These materials support method validation and quality control, ensuring compliance with industry standards and regulatory requirements.

Request for Resource Speaker

DOST-FNRI

Request for Resource Speaker

a. Lectures/Seminars/Exhibit/Fora

Schools, organizations, companies, groups, or government institutions request a resource person for lectures or seminars on food and nutrition and related topic/s of their interest. Usual topics requested include basic nutrition, nutrition for specific age groups, healthy lifestyle, and lifestyle-related diseases and prevention, among others. Members of the DOST-FNRI Speakers Bureau or TDSTSD staff are tapped as resource person/s, depending on the topic/s requested.

Office or Division:	Technology Diffusion and S&T Services Division
Classification:	Simple
Type of Transaction:	G2G – Government to Government, G2C -Government to citizen
Who may avail:	Schools, organizations, companies, groups, government institutions

CHECKLIST OF REQUIREMENTS	**WHERE TO SECURE**
1. Request Letter	Should be provided by the client.

CLIENT STEPS	**AGENCY ACTIONS**	**FEES TO BE PAID**	**PROCESSING TIME**	**PERSON RESPONSIBLE**
1 Submit request through mail or email	1.1 Receive and act on request (letter or email) by emailing the customer to verify details of request. If, upon verification/ clarification, the topic requested is not relevant to DOST-FNRI, the FNMU staff-in-charge will inform the customer and refer them to the appropriate agency.	None	within 7 working days upon receipt of request	SRS I Technology Diffusion and S&T Services Division Staff

	1.2 Identify and check availability of a resource person depending on the topic. If the resource person is not available on the specified date, the in-charge will (a) look for an alternate resource person with the same expertise or (b) request the customer to move the date of the lecture.			
2 Follow-up request	2.1 Inform customer on the details of the approved request 2.2 Prepare and send a letter of acceptance of request via mail or email to the customer	None		FNMU Personnel
3 Prepare needed equipment, e.g. LCD, computer, if there are any	3. Prepare presentation	None	Day of scheduled Lecture	Resource Person
4 Fetch and ferry resource person to venue of lecture/seminar	4. Conduct lecture/seminar	None		Resource Person
5 Accomplish and submit client satisfaction	5.1 Coordinate conduct of lecture/seminar	None		FNMU Personnel/ Resource Person

feedback form				
	5.2 Provide the customer with a link to the online feedback system to gather their feedback on the service provided.			
	5.3 Write and submit a report of the Client Satisfaction Survey for approval and signature of the FNMU Head, TTCS Head, and TDSTSD Chief.	None		FNMU Personnel

b. Media Interview

Print, broadcast, and digital media practitioners request interviews on food and nutrition and related topic/s of their interest. Usual topics requested include basic nutrition, nutrition for specific age groups, healthy lifestyle, lifestyle-related diseases and prevention, food safety, nutritional guides, meal planning and preparation, among others. Members of the DOST-FNRI Speakers Bureau or TDSTSD staff are tapped as resource person/s, depending on the topic/s requested.

Office or Division:	Technology Diffusion and S&T Services Division
Classification:	Simple
Type of Transaction:	G2C -Government to citizen, G2G – Government to Government
Who may avail:	Print, broadcast, and digital media practitioners

CHECKLIST OF REQUIREMENTS	**WHERE TO SECURE**
1. Request Letter/email/Viber	1. Should be provided by the client.

CLIENT STEPS	**AGENCY ACTIONS**	**FEES TO BE PAID**	**PROCESSING TIME**	**PERSON RESPONSIBLE**
1 Submit request through letter, email, or social media messenger	1.1 Receive and act on request (letter, email, phone call, and/or SMS/ Viber/ FB Messenger) by calling the customer or requesting party to verify details of request. If, upon verification/ clarification, the topic requested is not relevant to DOST-FNRI, the FNMU staff-in-charge will inform the customer and refer them to the appropriate agency.	None	within 3-5 working days upon receipt of request, depending on the urgency of the request	FNMU Media Coordinator

	1.2 Identify and check availability of a resource person depending on the topic. If the resource person is not available on the specified date, FNMU Media Coordinator will (a) look for an alternate resource person with the same expertise or (b) request the customer to move the date of the interview.			
2 Follow-up request	2.1 Inform customer of the details of the approved request	None		FNMU Media Coordinator
	2.2 Ask the customer to provide guide questions. If no guide questions are provided, prepare and have it approved by FNMU Head and TDSTSD Chief and send to customer.			
3 Accept talking points	3. Give a copy of the talking points to the resource person	None		FNMU Media Coordinator
4 Conduct interview on the agreed day and time	4.1 Act as a resource person for the interview	None	Day of Scheduled Interview	Resource Person
	4.2 Assist resource person and requesting party during taped interview at the			FNMU Media Coordinator

	DOST-FNRI			
5 Accomplish and submit client satisfaction and survey form	5.1 Provide the customer with a link to the online feedback system to gather their feedback on the service provided.	None		FNMU Media Coordinator / Resource Person
	5.2 Write and submit a report on the Client Satisfaction Survey			FNMU Media Coordinator
	6 Monitor interviews and prepare media mileage reports			FNMU Media Coordinator

Food and Nutrition Trainings

DOST-FNRI

Food and Nutrition Trainings

The DOST-FNRI Food and Nutrition Training Unit (FNTU) conducts briefing orientations on DOST-FNRI's programs, products, and services, as well as in-person and online training sessions on food and nutrition (F&N). These include workshops, seminars, webinars, and other learning activities (e.g., special or customized training) designed to enhance knowledge and skills in the field.

Office or Division:	Technology Diffusion and S&T Services Division (TDSTSD) – Knowledge Diffusion Section (KDS)
Classification:	Complex
Type of Transaction:	G2G – Government to Government Private to Government
Who may avail:	MSMEs, academe, students, professional organizations, industries, non-government organizations (NGOs), LGUs, and other relevant stakeholders

CHECKLIST OF REQUIREMENTS	**WHERE TO SECURE**
1. Request Letter	1. ARTA Task Force of the agency availing the service.

CLIENT STEPS	**AGENCY ACTIONS**	**FEES TO BE PAID**	**PROCESSING TIME**	**PERSON RESPONSIBLE**
1. Submit a request letter (via courier, walk-in, fax, email, Viber or Facebook Messenger)	1.1 Receives, acknowledges and evaluates the request 1.2 If the request is included in the DOST-FNRI Public Training Offerings, proceeds to the next step. If not, notifies the requesting party, by sending a regret letter and, if applicable, refers them to appropriate agencies.	None	5 working days upon receipt of the request by FNTU-KDS	*SA/SRS I/SRS II/ Senior SRS/Supervising SRS/Chief SRS* FNTU-KDS-Technology Diffusion and S&T Services Division Personnel

1. **Meal Management and Safe Food Handling for Mothers and Community Health Workers**

Course Description	This training course equips participants with essential knowledge and practical skills in meal planning, food safety, and cost-effective meal management. It emphasizes balanced nutrition, safe food handling practices, and budget-friendly strategies for both personal and professional settings. Participants will explore topics such as menu planning, food storage, hygiene, and the prevention of foodborne illnesses.
Intended Participants	Community health workers, mothers
Duration	1 day (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.

Training Fee	● Php 2,000.00 per participant (minimum of 10 participants), if the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● If the resource person/s are invited to an external venue (no training fee will be collected), the requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. Php 500.00 per participant, if conducted in a webinar format. **Discounts of 20% of the training fee will be given to the following: persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

2. Meal Management and Safe Food Handling for the Food Service Industry

Course Description	This training course is specifically tailored for the food service industry and micro, small, and medium enterprises (MSMEs), equipping participants with essential knowledge and practical skills to enhance basic nutrition, food safety, quantity cookery, workplace hygiene, and foodborne illness prevention. The program emphasizes compliance with food safety regulations and sustainable practices to improve customer satisfaction.
Intended Participants	Food manufacturing employees, food service workers, MSMEs
Duration	2 days (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.
Training Fee	● Php 2,500.00 per participant (minimum of 10 participants), if the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments.

	● If the resource person/s are invited to an external venue (no training fee will be collected), the requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. Php 500.00 per participant, if conducted in a webinar format. **Discounts of 20% of the training fee will be given to the following: persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

3. Current Good Manufacturing Practice (cGMP) for Food Industries

Course Description	This training is designed to enhance participants' understanding on 7S of Good Housekeeping, Safe Food Handling Practices and application of Current Good Manufacturing Practices (cGMP) in the workplace. It covers the overview of the twelve (12) elements of cGMP, including personnel, facilities, equipment, sanitation, pest control, process and raw material control, packaging and labeling, storage and distribution, quality control, documentation, and product recall.
Intended Participants	Food manufacturing employees, food service workers, MSMEs, educators, and students
Duration	1 day (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.

Training Fee	● Php 2,000.00 per participant (minimum of 10 participants), if the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● Php 1,000.00, if the resource person/s are invited to an external venue. The requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. ● Php 500.00 per participant, if conducted in a webinar format. **Discounts of 20% of the training fee will be given to the following: students, persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form. ●—

4. Training-Workshop on DOST-FNRI-developed Recipes for Livelihood

Course Description	This training-workshop is designed to empower participants with the knowledge and skills to prepare dishes based on DOST-FNRI developed recipes and transform them into livelihood opportunities. The program features engaging demonstrations of recipes such as squash *kutsinta*, squash *siomai*, squash leche flan, papaya-pineapple jam, and *upo* delight, showcasing nutritious and innovative food products. In addition to recipe preparation, the training includes discussions on basic nutrition, food safety, food preparation, and food costing, equipping participants with essential tools for ensuring product quality, maintaining hygiene standards, and managing costs effectively.
Intended Participants	Community health workers, MSMEs, mothers
Duration	1 day

Training Fee	● FREE ● If the resource person/s are invited to an external venue (no training fee will be collected), the requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; – provide the ingredients, equipment, and cooking utensils during the cooking demonstration; and – provide the venue, meals for participants, and training materials.
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

5. Training on Nutrition Labeling for Food Industries

Course Description	This training is designed to equip participants with comprehensive knowledge on the regulatory requirements for nutrition labeling, its purpose, and its importance in promoting informed consumer choices. Participants will gain an understanding of the role of nutrition labeling in ensuring compliance with food regulations and supporting public health initiatives.
Intended Participants	Food manufacturing employees, food service workers, MSMEs, educators, and students
Duration	1 day (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.

Training Fee	● Php 1,500.00 per participant (minimum of 15 participants), if the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● Php 1,000.00 per participant, if the resource person/s are invited to an external venue. The requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. ● Php 500.00 per participant, if conducted in a webinar format. **Discounts of 20% of the training fee will be given to the following: students, persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

6.Training on Safe Use of Food Additives

Course Description	This training delves into the utilization of food additives in processed food products. Designed for food manufacturers, entrepreneurs, and food safety professionals, the training provides essential insights into the technological functions, appropriate applications, and safety considerations of food additives.
Intended Participants	Food manufacturing employees, food service workers, MSMEs, educators, and students
Duration	1 day (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.

Training Fee	● Php 1,500.00 per participant (minimum of 15 participants), if the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● Php 1,000.00 per participant, if the resource person/s are invited to an external venue. The requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. ● Php 500.00 per participant, if conducted in a webinar format. **Discounts of 20% of the training fee will be given to the following: students, persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

7.Training on DOST-FNRI-developed Nutrition Tools

Course Description	This training, which may be packaged as either an awareness seminar or an in-depth session, discusses one or more nutrition tools developed by DOST-FNRI, including the Philippine Dietary Reference Intakes (PDRI), *Pinggang* Pinoy®, and online tools like the Menu Eval Plus. Participants will gain an in-depth understanding of these tools and their applications in promoting good nutrition, meal planning, and dietary assessment.
Intended Participants	Doctors, nurses, nutritionist-dietitians, health practitioners, educators, and students
Duration	1 day (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.

Training Fee	● Php 1,500.00 per participant (minimum of 15 participants), if the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments ● Php 1,000.00 per participant, if the resource person/s are invited to an external venue (training fees will still be applied). The requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. ● Php 500.00 per participant, if conducted in a webinar format. **Discounts of 20% of the training fee will be given to the following: students, persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

8.Training on Anthropometry Assessment

Course Description	This training session is designed to enhance the skills and knowledge of health workers and nutrition officers in conducting standardized anthropometric assessments. By the end of the session, participants should be able to: (a) Define nutritional anthropometry and explain its importance, advantages, and limitations in nutritional assessment; and (b) Assess an individual's nutritional status.
Intended Participants	Community health workers
Duration	2 days (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.

Training Fee	● Php 1,500.00 per participant (minimum of 15 participants), if the training is conducted at DOST-FNRI (inclusive of training kits, meals and refreshments) ● Php 1,000.00 per participant, if the resource person/s are invited to an external venue. The requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide meals for participants, and training materials. ● Not applicable to webinars, as the training requires hands-on activities. **Discounts of 20% of the training fee will be given to the following: persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion.of the training and submission of an accomplished evaluation form.

9.Training on Basic Sensory Evaluation

Course Description	This training offers a comprehensive introduction on the overview of sensory evaluation, physical and human requirements of sensory evaluation. The training also includes screening tests for potential panelists, such as identifying basic tastes and sensory attributes, followed by practical sessions using actual sensory testing methods.
Intended Participants	Food technologists, food manufacturing employees, health practitioners, educators, and students
Duration	1 day (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.

Training Fee	● Php 4,500.00 per participant (minimum of 10 participants), if the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments ● Php 2,500.00 per participant (minimum of 15 pax), if the resource person/s are invited to an external venue. The requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. Not applicable to webinars, as the training requires hands-on activities. **Discounts of 20% of the training fee will be given to the following: students, persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

10.Training on Advanced Sensory Evaluation

Course Description	This training provides a deeper understanding of panel development and development of sensory panelist's ability to assess color, taste, odor, and flavor. It will cover the discrimination between levels of stimuli and use of scale which helps participants learn to distinguish different levels of sensory stimuli and apply appropriate scales for precise evaluations. The training also includes hands-on workshops on taste and threshold determination, offering practical experience in sensory testing methods.
Intended Participants	Food technologists, food manufacturing employees, health practitioners, educators, and students
Duration	2 days (lecture + workshop) This training can be customized based on the requesting

	party's needs and proposed schedule.
Training Fee	● Php 6,000.00 per participant (minimum of 10 participants), if the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● Php 3,000.00 per participant (minimum of 12 pax), if the resource person/s are invited to an external venue. The requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. Not applicable to webinars, as the training requires hands-on activities. **Discounts of 20% of the training fee will be given to the following: students, persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

11.Training on the Measurement and Identification of Product Performance through Sensory Evaluation

Course Description	This training aims to contribute to the development of innovative products and the competent sensory panelists to support the development of food products through people involved in R&D and S&T.
Intended Participants	Food technologists, food manufacturing employees, health practitioners, educators, and students
Duration	2 days (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.

Training Fee	• Php 6,500.00 per participant (minimum of 10 participants), if the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. • Php 3,500.00 per participant (minimum of 12 pax), if the resource person/s are invited to an external venue. The requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. • Not applicable to webinars, as the training requires hands-on activities. **Discounts of 20% of the training fee will be given to the following: students, persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	• Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

12.Training on ISO/IEC 17043:2023 and Statistical Methods for Proficiency Testing based on ISO 13528:2022

Course Description	The training will provide a comprehensive look at Proficiency Testing (PT), including the design and operation of PT schemes, statistical methods, reporting, and interpretation. It covers the requirements of the International Standards for PT: ISO/IEC 17043:2010, “Conformity Assessment −General Requirements for Proficiency Testing” and ISO 13528:2015 “Statistical Methods for Use in Proficiency Testing by Interlaboratory Comparisons”. Statistical methods for PT will be examined including the basic considerations for statistical design and data analysis. The training will also cover an overview of the ISO/IEC 17043:2010 accreditation process.
Intended Participants	Laboratory personnel, quality control staff, testing providers, regulatory and compliance officers, compliance officers

Duration	3 days (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.
Training Fee	● Php 8,000.00 per participant (minimum of 10 participants), if the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● Php 4,000.00 per participant (minimum of 15 participants), if the resource person/s are invited to an external venue. The requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. ● Not applicable to webinars, as the training requires hands-on activities. **Discounts of 20% of the training fee will be given to the following: persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form. ●

13.Training on the Conduct of Alternative Interlaboratory Comparisons and Introduction to Proficiency Testing

Course Description	The training will cover effective planning for proficiency testing, how to select appropriate PT schemes, and how to participate in proficiency testing rounds, including the interpretation of PT results. Additionally, the training focuses on the design, implementation, and evaluation of intralaboratory comparison exercises, crucial for internal quality assurance and identifying areas for improvement within the laboratory.
Intended Participants	Laboratory personnel, quality control staff, testing providers, regulatory and compliance officers, compliance officers

Duration	3 days (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.
Training Fee	● Php 8,000.00 per participant (minimum of 12 participants), if the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● Php 4,000.00 per participant (minimum of 15 pax), if the resource person/s are invited to an external venue. The requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. ● Not applicable to webinars, as the training requires hands-on activities. **Discounts of 20% of the training fee will be given to the following: persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

14.Training on Microbiological Analysis of Indicator Organism in Food

Course Description	The training is designed to build participants' competency in assessing the potability of drinking water and ensuring food safety. The course focuses on key microbiological tests, including Heterotrophic Plate Count, Total Coliform/Fecal Coliform, and E. coli count, which are essential for evaluating water quality and detecting potential contaminants in food products.
Intended Participants	Laboratory personnel, food safety professionals, water quality analysts, regulatory and compliance officers

Duration	4 days (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.
Training Fee	● Php 10,000.00 per participant (minimum of 6 participants), the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● Not applicable to webinars and external venues, as the training-workshop involves hands-on activities that require specific equipment and materials which are only available in our laboratory. **Discounts of 20% of the training fee will be given to the following: Persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

15.Training on Microbiological Analysis of Pathogens in Food

Course Description	The training will provide participants with comprehensive knowledge and skills for detecting and enumerating harmful pathogens in food products. The program covers critical pathogens such as Salmonella spp., Staphylococcus aureus, Bacillus cereus, and Listeria monocytogenes, with hands-on demonstrations of the testing procedures for their detection and enumeration. Additionally, the course emphasizes the preparation and implementation of quality assurance programs within food-testing laboratories to maintain high standards and ensure the reliability of results.
Intended Participants	Laboratory personnel, food safety professionals, water quality analysts, regulatory and compliance officers
Duration	4 days (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.

Training Fee	● Php 13,500.00 per participant (minimum of 6 participants), the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● Not applicable to webinars and external venues, as the training-workshop involves hands-on activities that require specific equipment and materials which are only available in our laboratory. **Discounts of 20% of the training fee will be given to the following: Persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

16. Estimation of Measurement Uncertainty in Microbiological Testing

Course Description	The training will provide participants with comprehensive understanding and application of measurement uncertainty based on ISO 19036:2019. Participants will be guided on the concepts of uncertainty in microbiological testing, sources and its major components. Through lecture discussions, practical examples and exercises, the participants will gain competence to develop their own experimental design, document and estimate their uncertainties relevant to their laboratory's scope of testing, supporting reliable results, informed decision-making and regulatory compliance.
Intended Participants	Laboratory managers, microbiological analysts, food safety professionals
Duration	2 days (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.

Training Fee	● Php 6,000.00 per participant (minimum of 15 participants), the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● Php 3,000.00 per participant, if the resource person/s are invited to an external venue. The requesting party will: – shoulder the transportation, meals, and accommodation (for areas outside NCR) for the resource person/s; and – provide the venue, meals for participants, and training materials. **Discounts of 20% of the training fee will be given to the following: Persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

17.Training on Trans-Fatty Acid Analysis

Course Description	The training focuses on the analysis of trans-fatty acids in food products with a workshop simulating a typical laboratory workflow. Participants will gain practical, hands-on experience in both chemical and instrumental methods of analysis. The training provides participants with gain hands-on experience using gas chromatography (GC) to detect and quantify trans fats in food samples.
Intended Participants	Laboratory personnel, chemists, chemical laboratory technicians and analysts, regulatory and compliance officers *Note: Participants should have basic experience in handling gas chromatography*

Duration	3 days (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.
Training Fee	● Php 21,400.00 per participant (minimum of 3 participants), the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● Not applicable to webinars and external venues, as the training-workshop involves hands-on activities that require specific equipment and materials which are only available in our laboratory. **Discounts of 20% of the training fee will be given to the following: Persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	● Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

18.Training on Proximate Analysis

Course Description	The training program includes both lectures and hands-on training to conduct moisture, ash, protein, fat and computation of carbohydrates and energy. The training is structured to hone the skills of laboratory analysts and chemists in food analysis as well as to deepen their understanding of the scope and purpose of the methods.
Intended Participants	Laboratory personnel, chemists, chemical laboratory technicians and analysts, regulatory and compliance officers
Duration	5 days (lecture + workshop) This training can be customized based on the requesting party's needs and proposed schedule.

Training Fee	● Php 20,000.00 per participant (minimum of 5 participants), the training is conducted at DOST-FNRI. Inclusive of training kits, meals and refreshments. ● Not applicable to webinars and external venues, as the training-workshop involves hands-on activities that require specific equipment and materials which are only available in our laboratory. **Discounts of 20% of the training fee will be given to the following: Persons with disabilities, senior citizens and indigenous people (as per DOST AO 015 s. 2019)*
Certification	Certificates of training will be awarded upon completion of the training and submission of an accomplished evaluation form.

19.Briefing-Orientation on DOST-FNRI Programs, Products, and Services

Course Description	This briefing-orientation will cover the projects and services of DOST-FNRI including an overview of the latest Expanded National Nutrition Survey (ENNS) results, food technologies, and DOST-FNRI developed nutrition tools. Participants will also have an opportunity to explore potential areas of collaboration with DOST-FNRI.
Intended Participants	Educators, students, MSMEs, cooperative members and local government officials or personnel *Note: Maximum of 50 participants*
Duration	1 1/2 hour (lecture)
Training Fee	FREE

Sensory Evaluation Laboratory

DOST-FNRI

Sensory Evaluation Laboratory

FNRI-SEL primarily serves Sensory Evaluation needs of FNRI in-house researches and assists food industries in their food product innovation and development. Sensory evaluation uses the human senses (sight, smell, taste, touch and hearing) to gather information about product sensory characteristics and consumer perception. Understanding the food choices of individual through sensory evaluation lead to the development of nutritious products that are appealing to every Filipino.

Feedback and Complaints Mechanisms

DOST-FNRI

FEEDBACK AND COMPLAINTS MECHANISM	
How to send a feedback?	Answer the client satisfaction feedback form and drop it at the designated drop box and/ or are collected by the Officer-of-the day / guard on duty located at the 1st floor, front lobby of the DOST – FNRI building.
How is feedback processed?	Quarterly summaries of data generated from the DOST-FNRI Customer Online Feedback System, along with hard copies of the forms, are prepared. The Institute's procedure for customer satisfaction measurements is also in place as a guide to ensure the proper measuring and monitoring of information relating to customer perception as to whether the agency has met customer requirements. The results of the quarterly feedback reports are included in the ISO 9001:2015 QMS Team meeting and Institute's Management Review agenda.
How to file a complaint?	▯ Facilitate customers in filling out Customer Feedback Form (complaint portion). ▯ Complaints can also be filed via telephone and/or electronic mail. Make sure to provide all the necessary information. - Name of person being complained. - Incident - Evidence ▯ Attach written complaint to the form

DOST-FNRI

FEEDBACK AND COMPLAINTS MECHANISM	
How are complaints processed?	▯ For complaints filed through the DOST-FNRI Customer Online Feedback System, a reference code will appear upon submission and this will be used to access the response. Customers can also provide their email address at the front desk in-charge if response from the Institute is expected. ▯ For any other forms of complaint, give copy to Committee on Anti-Red Tape (CART) Secretariat or email fnri.ccsecretariat@gmail.com and dostfnri47@fnri.dost.gov.ph. ▯ Customer's complaints will be discussed in the CART meeting for information and further action. *Customers' Complaint must be acted within 10-15 days*. ▯ Evaluates and investigates what action to be taken. ▯ Prepares/sends official letter to customer. ▯ Furnish a copy to the CART Chairperson and Vice Chairperson.
Contact Information of ARTA	ARTA: complaints@arta.gov.ph With tel. nos. 8478-5093 PCCC: 8888 CCB: 0908-881-6565 For CART - FNRI. Kindly call the CART Secretariat at 8837-8113 local 313 or email to fnri.ccsecretariat@gmail.com dostfnri47@fnri.dost.gov.ph.
